Into the Darkness

You will be creating space
themed pieces of art to help
construct the 'Year 5
Planetarium' later in the term.
You will also learn about the
Astronaut Tim Peake, Auroras
(The Northern Lights), the
Earth, Sun, Moon and stars.

Science

Investigate how the Earth's rotation creates day and night.

English

Explore nonchronological reports, looking at all the different features.

Art

Design and create your own 3D planet based on an emotion.

Music

Listen to music called, 'The Planets'. Compose your own piece of music for a planet based on an 'element' (fire, earth, air or water).

OUTCOME

Share your reports on the new planet you have discovered in our Solar System and the wonders of the planetarium with Year 3. You will also share your AI generated planets and music compositions.

<u>Science</u>

Explore the planets in our Solar System.

English

Immerse ourselves into 'The Atlas of Space Adventures'.

Science

Explore the movement of the Moon and Earth.

Computing

Use AI to create your own planet.

English

Write a non-chronological report based on a new planet you have discovered in a newly discovered Solar System.
