## **RE: Supporting your child with their Year 6 SATs**

Dear Parents/Carers of Year 6,

As we move closer to the Year 6 SATs in May, we are sending home your child's recent SATs practice papers to review together.

The purpose of these papers is not to add pressure; instead, it gives you a clear window into what your child is learning and how they are progressing. As many of you will know from our SATs evening for parents, seeing the types of questions they face can be incredibly helpful for both you and your child.

### **How can you help at home?**

- Simply showing an interest in your child's work is the most important thing you can do.
- Celebrate the wins - focus on what they got correct and the effort they put in.
- Keep it calm - it is completely natural for children (and adults) to feel a little nervous, but please do not panic.

As I have mentioned before, while these tests are important, they are only a snapshot of one moment in time. They do not measure how creative, sporty, thoughtful or kind your child is.

My 'Golden Rule' is:

"As long as they do their best, that is more than enough."

Thank you for your continued support.

Yours sincerely,

Mr Glenn Moore  
Headteacher
